FOREWORD

WHEN the old order of things was restored at college, we thought it barely possible to publish our year-book. Our staff was incomplete, our class depleted, and our records lost. However, as time progressed, we decided not to break the time-honored custom, but to publish our annual in order that the series of CLARLAS might be complete. Thus we, the CLASS of 1920, present this book and hope that it may be a true record of the events of the past year.

PROMINENT PHYSICIAN AND
PHILANTHROPIST

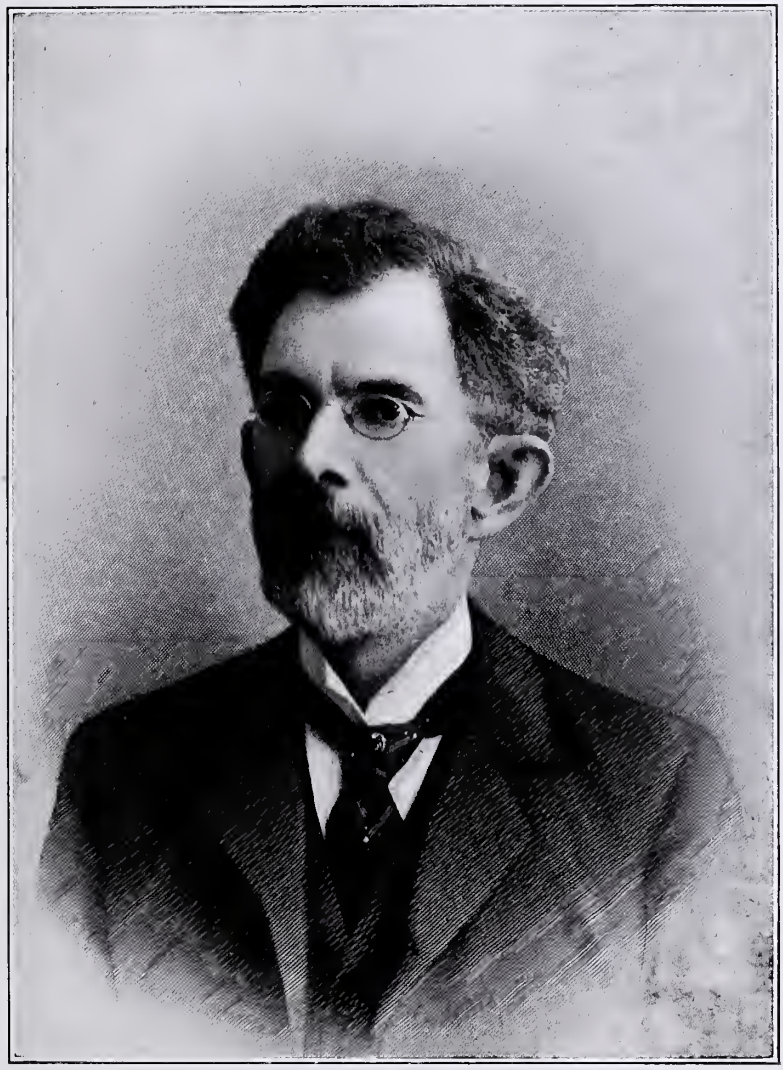

MEMBER OF OUR BOARD OF TRUSTEES

IN RECOGNITION OF HIS EARNEST EFFORTS
AND LIBERAL SUPPORT OF

MUHLENBERG COLLEGE

We respectfully dedicate this book.

Reuben D. Wenrich was born in Lower Heidelberg Township, Berks County, Pennsylvania, on May 15, 1842. He attended the public schools until fourteen years of age and then continued in private schools near his home. In 1861 he completed a course in Duff's Commercial College at Philadelphia. During the summers of 1862 and 1863 he studied medicine under Dr. D. D. Detweiler and Dr. Wm. J. Shoener, and during the winter months he attended lectures in the Medical Department of the University of Pennsylvania, from which institution he was graduated in 1864. Dr. Wenrich then established a practice in Wernersville. He also had large business interests in the community in association with a fellow physician until 1879, when the "Mountain Home" was purchased, of which he became the sole owner in 1895. It was later known as the Grand View Sanatorium and has since established a nation-wide reputation. In recognition of his services for the public, we are proud to number him among the friends and supporters of Muhlenberg College.

The Muhlenberg S. A. T. C.

PROFESSOR ROBERT C. HORN

EXPERIENCED teachers were not very favorably impressed with the results of the scholastic work in the S. A. T. C.; it was not up to the standard of the usual college work. Those men who knew how to study were at a disadvantage in a crowded study hall. They studied only as much as was absolutely necessary. They would have accomplished much more in the way of preparation for regular college classes. Those who were not accustomed to study found no great incentive in the study-hall, and did not learn what some of them would have learned under normal conditions.

Our corps was divided entirely on the basis of age; the "A" group consisted of those who were twenty years old or more; the "B" group, of those who were nineteen; and the "C" group, eighteen. Studies, with little variation, were arranged for each group. This made necessary some duplication of work in the case of individuals; for instance, some repeated a part of history which they had already studied; or others, who had a year or two of French, now found themselves in classes of beginners. I believe, however, this was no great disadvantage in most cases; particularly in French, as the conversational method at least was new for them. Nevertheless, these men did not have to study as hard as the others. This method of division, however, was the only one considered practicable in a small institution, with a limited amount of equipment and a small faculty.

Some students were sent to us after the work had started or were admitted late. These men never did fit in and accomplished very little in their studies. For instance, a student, who had no French, thrown into a French class when over one half of the term had gone by, could hardly be expected to do anything else but flounder. A large number of students came who had only a commercial high school course in the way of preparation; of these some became very satisfactory students, but as a whole, they had not the necessary preparation for successful academic work.

In the earlier part of the term, the military work and duties took precedenee over the aeademic. Absences for cause were frequent. The epidemic of influenza (altho our health conditions were unusually good) still further spoiled regular attendance. The institution of the "K. P.'s" seriously affected the attendance at the first class in the afternoon. In the latter part of the term the military demands were somewhat relaxed and academic work had a better chance. But, by this time, those students who didn't expect to continue college work had lost interest; while most of those who expected to continue a college course were yearning for the regular courses and the academic atmosphere. Nearly every one looked forward eagerly to the time of demobilization.

Our schedule of hours had to be changed two or three times to meet the pleasure of changing commanding officers; just after we had succeeded in arranging a fairly satisfactory schedule with drill in the morning, we were obliged to change the whole plan, so that drill could come in the afternoon. The relations, however, between the military officers and the college professors were most pleasant; both students and faculty are happy in feeling that we had at this institution officers who were excellent in their work and at the same time fine and agreeable men.

The conduct of the corps was excellent. There was but one serious infraction of military discipline. The behavior of the members of the corps in their academic duties was most satisfactory. There was a greater tendency to sleep in class than is the case normally; this was doubtless due to early rising and vigorous exercise, to which many were unaccustomed. We were spared the usual pranks of Sophomores and Freshmen at the beginning of the term.

We feel that the establishment of the S. A. T. C., had it been continued, would have worked well in the crisis, would have saved the colleges, would have been productive of much good for the members of the corps, and would have produced a body of good officers. But, as regards scholarship, we are somewhat dubious; and we heartily rejoice that the college may now return to its own way of doing things, with the great aim of preparing men to do their part in the life of our nation in the time of peace.

Senior History

ONCE more it is the duty of the historian to add another chapter to the annals of old Nineteen-nineteen. It seems but several months—nay, but a few weeks—since we knocked at the stately portals of our Alma Mater and were received into her affectionate bosom. But time has deceived us. Four years have sped by and the end of our sojourn at Muhlenberg is at hand. Against our wishes we must soon bid a last fond farewell to her classic halls and her noble faculty.

But why should we not look at the brighter side? The achievements of our class have been many and varied. Whatever task was laid upon our shoulders, whenever duty called us to her side, we were there to do our best. Whether it was in the lecture room or on the athletic field, we were there for the glory of our Alma Mater. Cheerfully we answered our country's call, and the training camps in the United States and the bloody, shell-torn fields of France bear witness of our unreserved loyalty and our illustrious valor. A feeling of altruism, a belief that there is something greater than self, has ever been our keynote in all our endeavors.

We are about to depart from the scenes which have been so dear to us. The friendships formed must be interrupted, and the voice of a devoted professor shall no longer fall upon our ears. We are going forth to fight life's stern battles, to render our share in the ushering in of a new era in the world's history. Truly we are going forth when the world is undergoing its greatest change since the dawn of history. We are determined to play our part in this vast transition Our slogan is "For God, for Country, and for Muhlenberg," and with that as our standard we cannot go wrong.

JUNIORS

Junior Class History

THE class of 1920 has made an enviable record for itself in the three short years of its existence at Muhlenberg. Socially, athletically and scholastically, we have demonstrated our ability without the shadow of a doubt. And although we are at present the smallest class, numbering a mere twenty-five, the old time spirit and loyalty of 1920 is in no wise lacking.

As Freshmen, we set a wonderful record for succeeding classes to follow. We easily subdued the haughty Sophs in the pole fight but bowed to them in the ban-

ner scrap. We came right back and annexed the football game with ease. Then we made short work of the basketball series, winning in three straight games. We contributed eight men to the Glee Club, as many to football, three to basketball, and a large number to Cue and Quill. And in the spring we decisively won the inter-class track meet. Thus in our first year we had proved that 1920 would do its share and "then some" in college activities.

We returned to college as Sophs determined to teach the new and verdant arrivals some necessary lessons. But a decree of the faculty abolishing hazing

frustrated us in part and we were forced to resort to some early morning "parties." Again we triumphed in football. All the members of our Freshmen basketball team made the varsity squad and so our loss of the class basketball series can be easily explained. We repeated our success in track and also defeated

the Frosh in tennis. Our football programs and calendars received the hearty commendation of all. Our representation in the various college activities was increased and our honor group was raised from five to seven men. The gradual dropping off of our members either thru draft or enlistment greatly decreased our

number but also proved our loyalty to our college and country, and our support of the motto—"For God, for Country, and for Muhlenberg."

The organization of the S. A. T. C. unit destroyed entirely all class distinction and we were unable to get together at any time. Five of our members had been commissioned second lieutenants and were no longer with us. It was not until January that we were again able to reunite and then it was discovered that

our spirit and loyalty were by no means things of the past, as had been feared, but were as strong as ever.

We contributed four men to the varsity basketball squad. Two more of our members have gained places on the Glee Club. And lest tradition be upset, the annual Pagan-Minister football game was played on a bleak day in January. The score was officially announced as 7-7 although this was a question of much debate.

And now that we are about to pass from the stage of "flighty" Juniors to that of "dignified" Seniors, we affectionately bestow this book upon our dear Alma Mater and her valiant sons, wherever they may be. Although we were unable to start work until very late and although this book is by no means as compete as we had intended it to be, we sincerely hope that it may be a humble expression of our college career and may serve to unite us closer than ever to our Alma Mater.

"Moony"

Born at Allentown, Pa., Jan. 28, 1898. Prepared at Allentown High School. Entered Muhlenberg, 1916. Classical Course. Delta Theta. A. H. S. Club; Vice-President (3). Assistant Editor-in-Chief of the 1920 CIARLA. Assistant Cheer Leader (3). Cue and Quill (1), (2), (3); Cast (2). Class Vice-President (3). Class Football (3). Reformed. Independent. Medicine.

This specimen of humanity first saw daylight on a cold January day in 1898. After completing his preliminary education in the schools of Allentown he entered Muhlenberg in the fall of 1916. His experiences while here have been many and varied. His hardness (?) was shown at the first college smoker he attended. In studies we always find "Moony" getting along quite well. As sergeant-major of the R. O. T. C. he is quite a figure (?) on the campus. In athletics he will be remembered for his wonderful catch of a forward pass in the memorable mid-winter Pagan-Minister game, which enabled the Pagans to tie their more experienced opponents. "Russ" expects to enter Penn and study medicine.

J. Prince Beasom, Jr.

Winnipeg, Man., Canada

"Jimmie"

Born at St. Paul, Minn., Feb. 1, 1899. Prepared at Central Collegiate, Winnipeg, Canada. Entered Muhlenberg, 1918. Classical Course. Phi Kappa Tau. WOTA Club. Y. M. C. A. Cabinet. The 1920 CIARLA, Assistant Advertising Manager. Class Football (3). Muhlenberg S. A. T. C. Lutheran. Democrat. Ministry.

You are greeted with a smile and a deep bass voice and then he passes on hurriedly, for he's a busy man. Yes, that's Beasom. He's from Canada, too. He was free from freshman regulations, not because he's so big, but because he has already "served" two years at Thiel College. His size is no indication of danger for he is harmless. Beside hearing him come through the dorms calling, "Yo-Ho! Laundry! Tailoring!", we can often hear him discussing some Y. M. C. A. problem, for he is intensely interested in this department of college work. He has traveled extensively and no doubt will travel much more in his work in the foreign mission field. He has balanced all his activities well to the extent that he has not neglected the fair sex.

Walter M. Benner

Telford, Pa.

"Benner"

Born at Souderton, Pa., December 16, 1888. Prepared at Allentown Preparatory School. Entered Muhlenberg, 1919. Scientific Course. A. P. S. Club. Reformed. Republican. Teaching.

You see before you, ladies and gentlemen, one of our newly-arrived scientific brethren. After teaching for several years in Quakertown, Benner decided that a college education would be of value to him and consequently arrived at Muhlenberg this year. He is a good student and very quiet. Once you pry under the surface, you find a very sociable man. His week-end trips on the Limited have become a habit and there is a slight suspicion on the part of some that this sedate young man will shortly unite himself with one of the opposite sex. And this suspicion seems to be justified for if he likes to talk on any subject, that subject is girls. He is also greatly interested in botany and zoology and is very fond of taking long walks in the country to study plants (as he says). The K. P. system at the Commons is decidedly unsatisfactory to Benner for his two chief characteristics are quietness and tidiness.

Mark B. Bollman

"Mickey"

Born at Wilkes-Barre, Pa., June 4, 1898. Prepared at Allentown High School. Entered Muhlenberg, 1916. Philosophical Course. Phi Kappa Tau. Varsity Cross Country Squad (2). Class Football (1), (2). Class Baseball (1). Glee Club (2), (3); Assistant Manager (3). Cue and Quill (1), (2), (3); President (3). A. H. S. Club. T. S. Club. Officers Club. Knutte Klub. Plattsburg O. T. S., 1918. Second Lieutenant Infantry, U. S. A., at Camp Grant, Ill. Served in 161st Depot Brigade and Infantry Replacement and Training Troops at Camp Grant. Evangelical. Republican. Business.

Here he is, the irrepressible Mickey! Our big, blue-eyed baby is gifted with an unquenchable desire to talk and there is no subject on which he cannot expatiate intelligently for at least an hour. And how he does love to "sit on" somebody! He has the best line of satirical criticism of any one in the class. Yet with all this talking, Mickey is very busy "helping Mac run the Glee Club." He is a good mixer in any crowd, male or female, and as an entertainer, is hard to beat. He is a lover of woman, song, and grape juice. He is continually raving about the Chicago beauties but his frequent visits to Norristown seem to indicate that his heart is in the east, not in the west. Nevertheless, despite all these faults, Mickey is a man who will in time make his mark in the world if by nothing else, by his "gift of gab."

Francis C. Caracciolo

Mayfield, Pa.

"Scratch"

Born at Catona, Italy, November 27, 1895. Prepared at Perkiomen School. Entered Muhlenberg, 1918. Philosophical Course. Class Football (3). Perkiomen Club. U. S. Aerial Service. Catholic. Independent. Law.

He loves sunfish. One cold, rainy day in January a Ford pulled into the quadrangle containing "Scratch" and all his household goods. He at once became a junior and proved himself worthy of the name. He is very active in athletics as well as studies. He exhibited a staunch defense of the pagans in the Pagan-Minister Football game and is interested in all other class affairs He devotes much spare time to feeding and observing his sunfish and his patience and perseverance with his ukelele, picking the strings for hours at a time, are qualities which will, no doubt, push him far up the ladder of musical fame in the future. We could say much about his mechanical ability and of his frequent and long visits to Easton but we must restrain ourselves.

Luther J. Deck

Hamburg, Pa.

"Oh! Good-night"

Born at Hamburg, Pa., February 7, 1899. Prepared at Hamburg High School. Entered Muhlenberg, 1916. Classical Course. Delta Theta. Football Manager (3). Student Council (3). Editor-in-Chief, 1920 CIARLA. Class Football (3). Berks County Club. Freshman and Sophomore Honor Group. Muhlenberg S. A. T. C. Lutheran. Independent. Teaching.

Vociferous, talkative and argumentative. He talks and argues and wrangles and talks. Pedestrians on Chew Street have inquired regarding our auctioneer at the dorms. If it wasn't Deck's voice, we have not solved the problem. To talk so much he must imbibe much to talk about and so he does. Besides his collection of "parlor jokes and stories" he knows Math. and Greek and he knows them well. "Jonathan" made Hamburg famous with his supply of folklore and the importance of the "Gap" and the Sanitarium. He has been connected with several choirs and passes keen judgment on the organists. We are confident of Deck's success as a teacher and hope, in his seriousness he will not neglect Eve and her kind.

Earl S. Erb

East Greenville, Pa.

''Legs''

Born at East Greenville, Pa., March 4, 1899. Prepared at Perkiomen School. Entered Muhlenberg, 1916. Classical Course. Delta Theta. Assistant Business Manager, Muhlenberg WEEKLY (3). Assistant Business Manager, 1920 CIARLA. Student Council (3); Secretary. Varsity Track; "M" man (2); Captain. Holder of College 880 yd. record. Varsity Football; "M" man (3). Varsity Basketball; "M" man (3). Y. M. C. A. Cabinet. Cross Country; "M" man (2). Class Baseball (2). Class Basketball (2). Class Track (1), (2). Class Vice-President (1). Class Monitor (1). Class Treasurer (2). Assistant Business Manager, Sophomore Calendars. Perkiomen Club; Secretary. Honor Group (1), (2). Corporal, Muhlenberg S. A. T. C. Lutheran. Democrat. Ministry.

Three years ago Erb came to us fresh from the greens of East Greenville, a studious lad, with long legs and a reputation of knowing how to use them. But time and an industrious summer spent in Saylorsburg have made many changes; no longer is he the quiet fellow who never expresses his opinion unless it is asked for; but he is now a busy member of the WEEKLY staff. In addition to making the cross country and track teams he has even developed into a football and basketball star, winning his ''M'' in the latter two activities. We expect much from Erb in his senior year both scholastically and athletically, and look forward to his being a success in future life.

Richard R. Gates

723 Chestnut Street, Lebanon, Pa.

''Cutie''

Born at Lebanon, Pa., April 2, 1901. Prepared at Lebanon High School. Entered Muhlenberg, 1916. Classical Course. Phi Kappa Tau. Student Council (3). Tennis Manager (3). Associate Editor, 1920 CIARLA. Class Football (2), (3). Class Basketball (2), (3). Class Baseball (2). Class Tennis (2). Class Historian. Class Secretary (2). Freshman and Sophomore Honor Groups. Lutheran. Republican. Medicine.

The curtain rises! With a hallowed and divine Light shining from above as his guiding star, a youth, formerly unknown to the audience of the world, for the first time steps into view. Fair to behold and of untold knowledge, he chants his wondrous refrain, ''O Light of my life, would that I were with thee now!''—This, friends, is Cutie, small in stature but mighty in abilities. In years he is the smallest, but in scholastic standing he ranks among the best. During the last two years he has even won for himself the reputation of an athlete, for did he not star in both class football and basketball and win honors in the Pagan-Minister struggle? But speaking seriously, Dick is one of our best, hardest-working students, and he is bound to succeed, for success surely comes to him who perseveres.

Charles F. Gloss, Jr.

Minersville, Pa.

''Charley''

Born at Minersville, Pa., Aug. 2, 1898. Prepared at Minersville High School. Entered Muhlenberg, 1916. Scientific Course. Delta Theta. College Band (1). College Orchestra (1), (2). Class Football (1), (2). Class Basketball (2); Capt. (2). Scrub Football (1). Class Track (2). Class Baseball (1), (2). Plattsburg Officers Training Camp. Commissioned, 2d. Lieut., Sept. 16th, 1918. Commanding Officer, Thiel College, S. A. T. C. Transferred to Camp Lee, Virginia. Mustered out at Governor's Island, N. Y. Lutheran. Republican. Teaching.

''Charley'' has been one of the most consistent athletes within the ranks of the class of 1920. In every class game or scrap, the affair was not complete unless ''Charley'' was in it. Many of the fellows are still wondering why he stayed so long at Thiel College but it has since been learned that Thiel is a co-educational college, which partly explains for his prolonged absence. It has been learned that he played half-back on the Thiel football team and it is our wager that many a disgruntled private took the excellent chance of seeing that the C. O. was ''roughed up'' a bit. Besides his many college activities and his arduous labors in the Science (?) Department, he makes quite a few trips up into the coal regions and it has been rumored on good authority that he usually visits Port Carbon, which is quite near Minersville. What he does there is still a matter of conjecture among the fellows.

Raymond A. Green

139 Cumberland Street, Lebanon, Pa.

''Tiny''

Born at Reading, Pa., February 11, 1899. Prepared at Lebanon High School. Entered Muhlenberg, 1916. Classical Course. Phi Kappa Tau. Assistant Artist and Photographer, the 1920 CIARLA. Varsity Basketball (2), (3); "M" man. Varsity Track (2). Glee Club (3); Mandolin Club (3). Class Football (1), (2). Class Baseball (1), (2); Captain (2). Class Basketball (1). Class Track (1), (2); Manager (1), (2). Class President (2). Editor of Sophomore Calendars. Cue and Quill (1), (2), (3). T. S. Club. Officers Club. Plattsburg O. T. S., 1918. Second Lieutenant, Infantry, U. S. A., stationed at Emory University, Oxford, Ga. Honor Group (1), (2). Presbyterian. Republican. Politics.

Should any one inquire who the laziest man at Muhlenberg is, the responses would agree: ''Tiny.'' If ''Tiny'' would ever have the ambition to get up for breakfast, we would witness the beginning of the millenium. When ''Tiny'' was a Freshman, he was quite ambitious and thot it a crime to go to class unprepared. But since he has received three years of a college education, his ardor in this respect has been somewhat dampened. Both last year and this year ''Tiny'' has been one of the mainstays of the basketball team. ''Tiny'' is one of these indifferent boys who has yet to see ''the only girl.'' But passing on to more serious things, ''Tiny'' is a man who can be depended upon. And last but not least, ''Tiny'' is one of our honor men and 1920 is proud of him.

Freeland L. Hemmig

Mohnton, Pa.

"Shorty," "Hemmy"

Born at Mohnton, Pa., Dec. 13, 1898. Prepared at Mohnton High School. Entered Muhlenberg, 1916. Classical Course. Delta Theta. Associate Editor, 1920 CIARLA. Track Manager (3). Junior Representative to Inter-Collegiate Oratorical Union. Class Basketball (2), (3). Class Baseball (2). Class Football (2), (3). Berks County Club. Y. M. C. A. Cabinet. Muhlenberg S. A. T. C. Lutheran. Republican. Ministry.

Who is this small but well-built fellow who is constantly spreading his smile and good cheer to all with whom he associates? Why that's Hemmig, "Spitzewetterich Wollegraut." When we came to college three years ago and first became acquainted with him, we thot him a quiet, unassuming individual. But we've found outer appearances to be very deceitful. He laid his scholastic foundation firm in his first two years and then started taking a more active part in college activities. Even now he is manager of what is destined to be one of Muhlenberg's most famous track teams. Although till recently Hemmig was a professed bachelor, there are rumors that certain nights are no longer spent in the dreary toil of study. But time will tell! Bachelors are not so numerous.

W. Chester Hill

Vandergrift, Pa.

"Chet"

Born at Vandergrift, Pa., July 22, 1896. Prepared at Vandergrift High School. Entered Muhlenberg, 1916. Classical Course. Alpha Tau Omega. Scrub Football (1), (2). Glee Club (2), (3); Press Correspondent (3); Quartette (3); Mandolin Club (2), (3); Skit (3). Rusty Five (2), (3). Track Squad (1), (2). Y. M. C. A. Treasurer (3). Class Football (1), (2), (3). Class Secretary (1). Class Vice-President (2). Cue and Quill (1), (2), (3); Vice-President (2); Treasurer (3). Knutte Klub. WOTA Club. T. S. Club. Officers Club. Plattsburg O. T. S., 1918. Second Lieutenant, Field Artillery, U. S. A., stationed at Camp Taylor. Lutheran. Democrat. Ministry.

"Chet" is one of the most popular men of the class of 1920. As treasurer of the Y. M. C. A. he is a tireless and faithful worker. The fact that he was working at the Trojan Powder Works last year was no excuse for the continual presence of powder on his coat lapel. Hill is always eager to arrange parties on Glee Club trips. But one night after seeing a fair damsel to her home, he discovered that the only place within the limits of his pocketbook to spend the night was the police station. So "Chet" spent his first and last (?) night in a police station. It seems peculiar that such a serious minded man as Chet should be deeply interested in the jewelry stores of Allentown. I wonder why?

J. Paul Hoffberger

Womelsdorf, Pa.

"Hoffy"

Born at Lebanon, Pa., May 30, 1899. Prepared at Womelsdorf High School. Classical Course with Science Groups. Delta Theta. Violin Soloist Glee Club (1). Advertising Manager, the 1920 CIARLA. Cross Country Squad (3). Class Treasurer (3). T. S. Club. Berks County Club. Tank Corps. Muhlenberg S. A. T. C.; Cheer Leader, Lutheran. Medicine or Business.

Anywhere, any time, any place, any argument,—"Hoffy." He may not know what he is talking about, but his arguments sound very convincing. He even comes to believe his own arguments. "Hoffy" is busy every night. Engagements with his orchestra, he says, but don't think for a minute that the Allentown girls would let such a good looking fellow and such a good entertainer spend all his time with his orchestra. "Hoffy's line" is greatly responsible for the success of this book, for he kidded the tired business men into parting with their hard earned money, and advertising in our CIARLA. But that isn't the only time he gets away with it, for even the professors fall victims to his line. A little of it goes a long way. However, ask any member of the class about "Hoffy," and you will get the reply, "He's a jolly good fellow."

Deymon W. Kershner

Summit Hill, Pa.

"Kershner"

Born at Sittlers, Pa., October 2, 1886. Prepared at Keystone State Normal School. Entered Muhlenberg, 1918. Scientific Course. Muhlenberg S. A. T. C. Reformed. Republican. Teaching.

Behold the "Daddy" of the class of 1920. Like his closest chum, Benner, Kershner entered Muhlenberg this year. For eleven years before coming here, he was engaged in teaching science at Summit Hill and Leechburg, Pa. However, the opportunity offered by the S. A. T. C. of obtaining a free education induced him to visit our fair college last fall. He is also a very quiet man and spends most of his time in the science laboratories. He is a very severe critic of the uncleanly way in which the K. P. squads perform their duties and has been known to hold up the line for as long as two minutes in his search for a clean plate. Although he is apparently indifferent with regard to the opposite sex, this indifference may be merely on the surface for Kershner always keeps his own counsel. Who can tell?

H. Stanley Kleckner

913 Hamilton Street, Allentown, Pa.

''Kleck''

Born at Easton, Pa., October 16, 1898. Prepared at Allentown Preparatory School. Entered Muhlenberg, 1916. Classical Course. Phi Kappa Tau. Assistant Advertising Manager, the 1920 CIARLA. Varsity Basketball (2); "M" man. Varsity Track (2). Scrub Football (1), (2), (3). Class Football (1), (2), (3); Captain (2), (3). Class Basketball (1), (3); Captain (1), (3). Class Baseball (1), (2), (3). Class Track (1). (2). Class President (1). Class Secretary (3). Glee Club (1), (2), (3). Cue and Quill (1), (2), (3). Knutte Klub. A. P. S. Club. Plattsburg O. T. S., 1918. Sergeant, Muhlenberg S. A. T. C. C. O. T. S., Camp Gordon, Ga. Reformed. Republican.

Here he is, the only one of his species in captivity! Never has ''Kleck'' been known to get angry; never has he been known to exert himself unnecessarily. In his Freshman year he was extremely popular (?) with the upper classmen because of his care free manner and utter disregard of all rules and regulations. However at different periods of the collegiate year his activities became more pronounced; for he was successful in making every class team and in addition was an ''M'' man in basketball. In his Sophomore year he heard the need of a first tenor in the Glee Club; consequently, bound to get there by the least line of resistance, he tried out for second bass and succeeded in making first tenor. Always happy, always laughing, never worrying, ''Kleck'' is an ideal cure for the blues.

Ira Rapp Kline

245 Main Street, Emaus, Pa.

''Ira''

Born at Emaus, Pa., March 3, 1899. Prepared at Emaus High School. Entered Muhlenberg, 1916. Philosophical Course. Delta Theta. Acting Class President (1). Class Monitor (3). Class Football (2), (3). Class Track (1). The 1920 CIARLA Staff; Assistant Photographer. Muhlenberg S. A. T. C. Supply Sergeant, R. O. T. C. Lutheran. Democrat. Law.

This blond, lively specimen of humanity came to Muhlenberg from a Pennsylvania German locality but has lost all traces of its language since coming here, so that it is hard to distinguish now whether he is a Frenchman or an Englishman. This is probably due to Ira's seriousness along scholastical lines and the fact that he has lived in an intelligent atmosphere while in college. But how he managed to get through three years of collegiate work with a Ph. B. degree in sight, remains a mystery even to himself. This young man is probably the busiest man in college as far as dates are concerned, for he has them booked weeks in advance. Lately, however, he seems to pay most attention to the daughter of a certain Emaus coal dealer. Nevertheless we believe that Ira's success is assured and we can picture him as a young lawyer, following out the rigid religious training which he received here in college, defending the innocent and comforting the widows.

Paul A. Knedler

East Texas, Pa.

"Texan"

Born at East Texas, Pa., May 26, 1900. Classical Course. Prepared at Keystone State Normal School. Cross Country Squad (3). K. S. N. S. Club. Student Council (3). Muhlenberg S. A. T. C. Democrat. Lutheran. Undecided.

In a chair in the corner of the library, you will find Knedler. Yes, he is always there, every day in the week. He has gone through every book in the library. We are making an estimate of the number of books that will be needed to keep him busy until he graduates. He can talk of subjects of which the rest of us understand not a word. When Prof. Simpson wishes to ask the class any questions, he always asks Paul, for he alone can give the required answers. He is much given to moods, and we hardly ever know just how to take him, but we just allow him to return to the library and he is always in a good humor when he has a book. But he did his share of work for the class. He is as willing a worker for the class and the college as he is in the class room. We don't know what Paul is going to take up, but we know he will make a success of anything he undertakes.

Otto F. Nolde

Riverside, N. J.

"Noodles"

Born at Philadelphia, Pa., June 30, 1899. Prepared at Palmyra High School, N. J. Entered Muhlenberg, 1916. Classical Course. Phi Kappa Tau. Associate Editor, the 1920 CLARLA. Assistant Artist and Photographer, the 1920 CLARLA. Varsity Football (2), (3); "M" man. Varsity Basketball (2), (3); "M" man. Student Representative to the A. A. Executive Board. Class Football (1). Class Basketball (1). Class Baseball (2). Class Track (1), (2). Class President (1). Glee Club (3). Mandolin Club (3). Cue and Quill (1), (2), (3). Knatte Klub. Sergeant, Muhlenberg S. A. T. C. Lutheran. Republican. Ministry.

Behold the athlete of 1920! When "Noodles" came to Muhlenberg, he was a mere stripling but he has since developed into one of our greatest all-around athletes. And in this development his pluck and never-say-die spirit were the chief assets. He has been equally prominent in scholastic and social lines. He is one of the most popular men on the campus today. He has gained a place on the Glee Club this year and also the Mandolin Club. And who would think that this husky, broad-shouldered, red-faced athlete will in time be a preacher of the gospel? 'Tis true, gentle readers, 'tis true! Even though his frequent visits to Nazareth seem to belie this statement, "Noodles" is supremely indifferent in regard to those of the opposite sex. So here's your chance, girls, for a true prince and gentleman.

H. Sherman Oberly

445 N. Washington Street, Butler, Pa.

''Sherm''

Born at Decatur, Ill., April 2, 1898. Prepared at Peabody High School, Pittsburgh, and Butler High School. Entered Muhlenberg, 1916. Classical Course. Alpha Tau Omega. Knutte Klub, WOTA Club (2), (3); Secretary (3). T. S. Club. Officers Club. Class Football (1), (3). Class Track (1). Class President (3). Varsity Cross Country Squad (2). Track Squad (1), (2). Business Manager, Sophomore Football Programs (2). The 1920 CIARLA, Business Manager, Photographer, Artist. Muhlenberg WEEKLY, Assistant Business Manager (2), Associate Editor (3). Student Council; Publicity Agent (3). Cue and Quill Club (1), (2), (3); Vice-President (3). Glee Club (2), (3); Skit (3); Mandolin Club (2), (3), Leader (2). Rusty Five (2), (3). Second Lieutenant, Field Artillery, U. S. A., Plattsburg Barracks, N. Y., Camp Zachary Taylor, Louisville, Ky. Lutheran. Democrat. Teaching.

Gaze upon that handsome face and wonder not that ''Sherm'' has to start an index system of his girl friends. On every Glee Club trip, he makes new conquests. However, ''Sherm'' is very modest, and always says, ''How can they help it?'' He laments that the Club travels so seldom towards Philadelphia this year, but then, there is the mail. Nuf Ced! ''Sherm'' frequently loses his temper, but left to himself, he soon recovers it. Being one of the founders of the ''T. S.'' Club, shows that he is a booster. He is a worker for all things pertaining to the Class and the College.

Harvey A. Reifsnyder

Egypt, Pa.

''Reif''

Born at Egypt, Pa., Aug. 3, 1899. Prepared at Whitehall Township High School and Allentown Preparatory School. Entered Muhlenberg, 1916. Philosophical Course. Delta Theta. Class Tennis Manager (2), (3). Assistant Advertising Manager, 1920 CIARLA. Class Football (2), (3). Muhlenberg S. A. T. C. Reformed. Independent. Teaching.

''Reif'' came to college quiet and unassuming but after staying here three years has taken on life to a considerable degree. He and Kline have been colleagues and advocates (?) of Prohibition to such an extent that their determined stand on this question has gotten them into all kinds of arguments. ''Reif's'' experiences here at college have been many and varied. He usually manages to get out of bed for his classes which usually begin at one o'clock. The reason for his late rising has been due, no doubt, to the fact that he spends practically every evening in social activities in Catasauqua. With his outside work, ''Reif'' manages to attend college also and his work here seems not to have suffered. He has been very successful as one of the advertising managers of the CIARLA. We wish him like success in his future profession.

J. Homer Roblyer

10 Bacon Street, Wellsboro, Pa.

"Robe"

Born at Wellsboro, Pa., July 28, 1899. Prepared at Wellsboro High School. Entered Muhlenberg, 1916. Scientific Course. Delta Theta. WOTA Club. Class Football (2). Winner, Reuben J. Butz Botanical Prize (2). Methodist Episcopal. Independent. Chemistry.

This genial mountaineer strayed away from the fastnesses of Tioga County in 1916 and came to Muhlenberg. Three years' residence in Allentown have not entirely converted "Robe" to the ways of the ladies, for he ab-so-lute-ly defies the power and cunning of their charms. "Robe's" pet diversions outside of his lessons are the Muhlenberg box at the Lyric and playing pool. His ability as a scientist received notable recognition last commencement when he was awarded the Reuben J. Butz Prize for the best work in Botany. After graduating from Muhlenberg "Robe" will take up Industrial Chemistry.

Herbert S. Schell

Bernville, Pa.

"Herbie"

Born at Bernville, Pa., April 12, 1899. Prepared at Bernville High School and Keystone State Normal School. Entered Muhlenberg, 1917. Classical Course. Delta Theta. Associate Editor Muhlenberg WEEKLY (3). Chief Photographer, 1920 CIARLA. Class Football (3). Berks County Club. K. S. N. S. Club. Muhlenberg S. A. T. C. Lutheran. Non-Partisan. Teaching.

He parts his hair in the middle. They say he does this for the same reason that our English Professor parts his on the side. "Herbie" is very modest about the attention his clear-cut appearance attracts among the gentler sex, but it has been found that it produced some "Sugar" results. Chiefly, he is a conscientious student and a hard worker for the "WEEKLY." He is happy when he finds "some good WEEKLY dope" and spends much time in this work. But then, what good can come out of Bernville? In answering we would prophesy in him a great American journalist of the future. We believe that teaching is only a means toward this end, which we sincerely hope is not far distant.

David J. Schleicher

420 Walnut Street, Catasauqua, Pa.

"Dave"

Born at Hanoverville, Pa., August 27, 1898. Prepared at Catasauqua High School. Entered Muhlenberg, 1916. Scientific Course. Delta Theta. Associate Editor, 1920 CIARLA. Varsity Baseball Manager (3). Basketball Manager (3). Football Squad (2), (3). Varsity Basketball; "M" man (2), (3). Assistant Business Manager, Muhlenberg WEEKLY (2). Associate Editor, Muhlenberg WEEKLY (3). Student Representative to A. A. Pan Hellenic Council. Class Basketball Manager (1), (2). Class Basketball (1). Class Baseball (2), (3). Class Secretary (2). Class Monitor (2). T. S. Club. Muhlenberg S. A. T. C. Lutheran. Republican. Teaching.

He's an athlete and a business-man. He dabbled in these matters at Catasauqua and perfected himself here. At intervals, to change the monotony of the English language, he invents and speaks a brogue all his own. This cannot be counted to his discredit, but rather to his initiative, of which he possesses a goodly amount, as his activities in college affairs prove. Football, basketball and baseball compose his college course, which he interrupts with some hard work in the laboratory and with frequent visits to some fair young lady. He works when he works, and plays when he plays, and for this reason has been successful and we hope will always take this success with him.

Warren P. Snyder

18 Second Street, Catasauqua, Pa.

"Reddy"

Born at Schoenersville, Pa., Jan. 8, 1898. Prepared at Catasauqua High School. Entered Muhlenberg, 1916. Scientific Course. Business Manager, 1918 Calendar. Cue and Quill (2), (3). Phi Kappa Tau. Pan Hellenic Council (3); Secretary (3). Class Basketball. Lutheran. Democrat. Chemistry.

"Reddy" came to Muhlenberg in the fall of 1916, intent on increasing the sum total of his worldly knowledge. A profound abhorrence of Latin contracted in High School turned him to the B. S. course. Always ready for a sociable game of cards, "Reddy" by no means neglects his studies. His first summer vacation at Muhlenberg was spent in the wilds of Monroe County, where, it is authentically reported, he assisted a certain fair maid blow out the light several nights each week. After completing his course in the studious atmosphere of Muhlenberg and his social course down-town, "Reddy" expects to enter the chemical industry.

William A. Van Zandt

Sellersville, Pa.

"Bill," "Van"

Born in Philadelphia, Pa., Sept. 2, 1898. Prepared at Sellersville High School. Scientific Course. Scrub Football (1), (2), (3). Varsity Track (2). Basketball Squad (2), (3). Class Basketball (1), (2), (3). Class Baseball (1), (2), (3). Class Track (1), (2), (3). Muhlenberg S. A. T. C. Republican. Lutheran. Undecided.

"Bill" is a very quiet and modest fellow You can tell that by his picture. He soon showed his powers on the athletic fields. He won points for our Class in practically every branch of sport. It was "Bill" that almost won the game for the Pagans in the football game. He says he never looks at a girl, but you never can tell about those quiet fellows. He likes to go skating, and what attraction does skating hold if there is not a girl in the case? But with all his activity in sports, he is a faithful worker in his studies. He never loses his temper, and is always in the best of humor. He is very modest, and if you mention any of the things that he has done, he always says, "Oh! I haven't done anything."

SOPHOMORES

Sophomore History

JANUARY 2, 1919 marks an epoch in the history of Muhlenberg, as a beginning of the reconstruction program of the colleges. Naturally the authorities looked toward the class of 1921 to supply most of the material because the upper classes had been sadly depleted as a result of war conditions. As usual we fulfilled their expectations and enrolled as a unit nearly fifty strong. On account of prolonged measures we were seriously handicapped in our inter-class activities.

The unusually strong and united Freshman Class, thru some trick of fate, managed to win the banner scrap as well as the pole fight. Taking advantage of their good fortune, they actually won the first two games of basketball before we were really aware of it. Then the slumbering spirit of the class was aroused from its lethargy and, as a result, in spite of overwhelming odds, we won the next two games and look forward to the series.

Our banquet was characteristic of the class, well-managed, well-tempered, and ultimately successful.

We have furnished a large number of men for all the sports thus far and entertain brilliant prospects for those to come. We have also been well represented in the Glee Club and the Muhlenberg WEEKLY Staff. Not content, however, with mere temporal laurels we have also made an enviable reputation for ourselves along scholastic lines. In fact, the Sophomore Class is well represented in every form of college activities.

We look back with just pride upon our numerous successful efforts and forward equally toward new worlds to conquer, always keeping in mind our motto of not only existing but of being of some value in life, and believing with Longfellow that, "The talent of success is nothing more than doing what you can do well, and doing well whatever you do, without a thought of fame."

FRESHMEN

Freshman History

WHEN Muhlenberg opened her portals again on January 2, 1919, after the disbanding of the S. A. T. C., she welcomed the fifty-fifth class in her history. No class ever began its history at our beloved Alma Mater under such unfavorable circumstances. The S. A. T. C. and the general unsettled condition of things were sure to affect our class spirit, especially since we were just entering upon our college career—so every one thought. But we Frosh soon showed these people that they "had another guess coming."

The first opportunity we had of proving our mettle was in the pole fight. In former years the Freshmen had always outnumbered the Sophs. This year, however, the Student Council made the ruling that the sides should be equal in numbers. This made no difference to us. We went into the fight with confident and determined spirit and by all-around superiority won the encounter.

Many and loud were the boasts of "1921" that they would "get back at us" in the banner scrap. Again by that spirit which knows no defeat, we forced the proud Sophs to admit our superiority. In spite of the terrific onslaughts by the Sophs with the stale fish, decayed fruit, etc., we kept our banner flying for the allotted time, sixteen minutes, the second Freshman Class in the history of the college to win this victory.

Unfortunately the inter-class football game was not played on account of the S. A. T. C. The Sophs no doubt consider themselves lucky for the same reason.

In athletics we too have been successful, furnishing more than our quota of men on both the football and basketball varsity teams, and winning an even number of games in the Fresh-Soph basketball series. Our track and diamond prospects are especially promising. Some of our men hold excellent records and will certainly do their best both for the class and the college.

Above all, we pride ourselves on our scholarship for this is the primary object for which we are striving.

It is our sincere desire and earnest ambition that we, the class of 1922, may ever be a source of credit to our Alma Mater and redound to her glory and honor.

Resume of Football Season

THE opening of college in September found quite a number of men at college who had played varsity and scrub football during the past few seasons. However the A. A. was undecided on the matter of having a team on account of the S. A. T. C. When the men were finally inducted into the service on October 1, they quickly decided this question for themselves. They would have a team if it took all of their pay that Liberty Bonds and insurance did not gobble up.

Going on the strength of this decision, Mgr. Deck set about arranging a schedule. He encountered many difficulties owing to the lateness of the season, but finally succeeded in securing five games.

The biggest question now was the matter of a coach. Professor Reed was the solution, giving the squad much of his time. However, on Oct. 13, Lieut. Brubaker was assigned here as commanding officer and he immediately relieved Professor Reed. Under him football was part of the military work of the men on the squad. In the two weeks intervening before the Lafayette game Lieut. Brubaker developed a fighting team which won three of their five games.

There were two games among the fellows at college before the season really began. In the first of these the old college men decisively defeated the new men by the score of 50 to 0. Capt. Anderson was the high scorer for the old men with three touchdowns, while Van Zandt, Schleicher, Nolde, Feldman and Kleckner made one each. The following week saw two picked teams play a game with the score in doubt throughout. The scrub team was reinforced by Lieutenants Brubaker, Dewing and Clarkin, who did good work. Capt. Anderson scored two touchdowns for the varsity and Snyder kicked one goal from touchdown, while Lieut. Brubaker scored one touchdown for the scrubs by intercepting a forward pass and running 60 yards to the goal.

On Oct. 26, the team journeyed to Easton in autos and those privileged few who got into the game or on the bench as chauffeurs or substitutes, brought back the wonderful tale of the march of Moyer and Feldman thru the heavy Lafayette line from our twenty yard line for a touchdown in the second quarter. "Doughnuts" Snyder kicked the goal and the second half went on, a fierce struggle, but Muhlenberg held her advantage safe to the end. So for the second consecutive year the old bell in the tower on College Hill did not ring out.

MUHLENBERG

Our first home game was played with Villanova on November 2. The main line collegians put up a very stiff fight but left the victory with us by the score of 25 to 0. Dewing, Anderson and Nolde bore the larger part of the Muhlenberg offensive, by means of forward passes. Feldman's accurate passing was a feature. In the fourth quarter Feldman picked up a fumbled punt and ran thru the entire Villanova team for his second touchdown. The game ended soon after with the ball in our possession in mid-field.

The annual game with Lehigh was preceded by the highest enthusiasm for some years. The campus slogan at Lehigh had changed from "Get Lafayette" to "Beat Muhlenberg." The addition of "Red" Lewis had strengthened our backfield, but nevertheless Wysocki and his crew were too much for us. They handed us the worst beating ever, by the score of 54 to 0. This game was a calamity for us in the form of injured men. Capt. Anderson, Dewing, Moyer, Nolde, MacIntosh and Freitag were missing in the game with Camp Crane the following week.

Owing to the large casualty list sustained at Lehigh, Lieut. Brubaker played in the Camp Crane game. Camp Crane outweighed our scrub line at least 10 pounds to the man yet they only beat us 14 to 0. The playing of Weaber and Newhard were bright points in this game.

On Thanksgiving Day, Ursinus appeared, intent on breaking the tie of two years' standing. However, our injured men had come around by this time and on a rain-soaked field we defeated them 19 to 0. Capt. Anderson, Feldman, Nolde and Lewis gained most of our ground. Stroup's tackle of Moser after the latter had received a pass and had a clear path to the goal was a feature. Thus ended a very successful season for Muhlenberg under the regime of the S. A. T. C.

Nine of this year's "M" men should be back in college next season, so that prospects for another successful season are very bright.

Manager . . . . . David J. Schleicher

Coach . . . . . Mr. Guerney F. Afflerbach

Basketball was a very indefinite proposition when college opened in January. However, practice was started and Manager Schleicher arranged a schedule of nineteen games. Altho the team won but seven games, they deserve much credit for the showing made against some of the big teams they played. The loss of Acting Captain Freitag owing to injuries weakened the team in the middle of the season, but the team continued in spite of obstacles. The playing of Green and Feldman, and the guarding and long distance shots of Schleicher were the features of the season. The following men were awarded the Varsity "M" for the season's work:

Resume of the Track Season

THE spring of 1918 found Muhlenberg without any varsity track men from the preceding season for we had not been represented by a varsity in 1917. However, Manager MacIntosh arranged a hard schedule for the Muhlenberg runners. The A. A. elected Dr. M. S. Kleckner, '10, to coach the team. Coach Kleckner worked wonders with the material at hand, but was called into the service in the middle of the season. Captain Erb then took up the work and the team finished the season creditably, winning half of their meets, smashing one record and producing some fine material for this year's team.

In the first meet the team snowed under our old enemy Lehigh by the score of 69 to 53. Captain Erb scored twenty points for Muhlenberg in this meet and Goering showed up very well in the sprints.

On Saturday, May 4, the team went to Haverford to help them celebrate their annual Junior day. The meet was one of the best ever staged on the Haverford field, Muhlenberg winning the meet when Kline won the last event of the day by jumping 19 feet 6½ inches. The final score was Muhlenberg 55, Haverford 49.

Wednesday, May 8, saw the track team on its way to Easton where they engaged in a meet with Lafayette. However, Bechtel and Kleinspein proved too hard a combination for our team and they returned at the short end of a 79 to 33 score. Roth showed up well in the weight events in this meet.

The last meet of the season was with our old rivals on the cinder path, Delaware State, at Newark, Delaware. The meet was fast throughout, each team doing its utmost. Captain Erb won the half mile from Kite in 2 minutes 5 4-5 seconds, breaking the college record held by Vreeland since 1913. Goering, Roth and Kline also starred for Muhlenberg. The final count, however, showed Delaware the victor by the score of 67 to 50.

Thus ended a short season with an even number of victories and defeats; all the men on the team deserve full credit for hard and consistent work under adverse war conditions and we all look forward to an exceptional season this year.

The Inter-Class Meet

The annual inter-elass meet was held on Friday afternoon, April 19, and though the final seore does not show it, the Sophomores had quite a time in winning the meet. The Seniors declined to eompete on aceount of lack of numbers. Therefore the meet was a triangular affair. There was nothing spectaeular about the meet, the feature event being the elass officers' relay in whieh even the Seniors participated. The final reckoning showed the Sophs as winners with 65½ points; Freshmen had eolleeted 57½ while the Juniors had achieved a meager 38.

The Penn Relays

Muhlenberg was represented at the annual Penn Relays on Franklin Field, April 27. Twelve teams competed in our elass and the Muhlenberg team finished sixth. Goering ran the first lap, starting eighth man from the pole, and finishing sixth; "Gus" Markley was outsprinted in the second lap by the Haverford runner and finished seventh; Ammarell ran a consistent race and gained a few yards. Erb took the baton for the last lap and soon outdistaneed the Haverford runner, almost overtaking the Lehigh man on the home stretch.

The Inter-Collegiates

The Middle States' Collegiate Track and Field Championships were held on March Field at Lafayette on May 18th. Muhlenberg's team was greatly weakened by the loss of Capt. Erb and Goering who had left college to engage in war work; as a result Roth was the only Muhlenberg man to score, taking first in the hammer throw when he heaved the weight 103 feet 7 inehes, and fourth plaee in the discus, a total of 6 points.

The 1919 Glee Club

ALTHOUGH beset with greater difficulties than any other Club in the history of the college, nevertheless, this year's Club has made an enviable reputation for itself in Eastern Pennsylvania. With only one month's practice, the Club gave one of the largest concerts of the season, and was at once rated as the best Glee Club in the history of Muhlenberg College. This reputation it has upheld throughout the rest of the season.

The program displays the greatest variety ever attempted by a Muhlenberg Glee Club. The music was selected for its timeliness and is rendered with a fine spirit by the Club. The skit and dialog were written by members of the Club for this year's concerts, and they have won the highest commendation. The trombone solo and the saxaphone duet added to the variety of the program, and were well received.

Especial attention has been given by the manager to giving concerts in towns not frequently touched by Muhlenberg Glee Clubs, in order to give the people a better understanding of the College. This has been very successful and the Club is gradually gaining a wider circle of friends for the College. With only half of the season over, the Club has sung to over seventy-nine hundred people.

The skit "Kamerad," written by W. Bruce MacIntosh, '19, is a great success. It portrays the life in the army, from which so many members of the Club have lately been discharged. It shows the humor as well as the serious side of the life. The parts are all well taken, and the fellows enter into the spirit of the skit. In the dialog by Charles F. Reichardt, '19, a humorous situation of guard duty is pictured. It shows the "rookie" in the first days of his life in the army, and the peculiar way in which he acts under the situation is very amusing.

The trombone solo by Mr. Hodge is one of the big numbers of the program. This is the first time Mr. Hodge ever appeared to an Eastern Pennsylvania audience, but he soon won his place for his good work. The saxaphone duet between Messrs. Weller and Hodge has been very well received. Both men are artists in their work, and their efforts brought forth the heartiest applause.

Mr. Schwartz deserves particular mention for his conscientious work as leader and soloist. In this, his fourth and last year with the Club, his work has stood out over all other parts of the program. He has needed no introduction to the audiences, for he is well known and appreciated wherever he goes.

The Mandolin Club is a new feature of the program. The Club never before tried to have such a large organization of instrumental music. Its efforts have been so well appreciated that it has been given two numbers on the program. It always receives several encores and could be used for several more numbers if it were not for the abundance of other good material.

Credit must be given Mr. Kohler for his effective solo work. He has a pleasing baritone voice, and his efforts have everywhere received the highest commendation. The quartette has been greatly appreciated. The voices blend well, and they have frequently been complimented on their number.

In the big number, the skit, Mr. Markley is the outstanding feature. His portrayal of the "rookie" is very realistic, and shows great ability as an actor. Mr. Kleckner takes his part very well, as does Mr. Oberly. The skit in every way surpasses those of former years. Mr. Shelly's impersonation of a woman in the dialog has received many compliments. His impersonation is very realistic, and combined with the part played by Mr. MacIntosh makes a very clever performance.

Prof. Marks and Prof. Brown both contributed much time and effort to the success of the Club. Both men worked very conscientiously in order to get the Club ready for the season, and it is due to their combined efforts that the Club is the best in the history of the College.

Plattsburg Camp of 1918

July 17, 1918, marked a new era in the life of Muhlenberg College. Dr. Haas had been notified by the War Department that we were to have our part in the great world war. On this day the first contingent left for Plattsburg with Prof. Afflerbach as Commanding Officer. Within a few weeks others were notified and followed.

There were about three thousand students in the camp, representing all the larger colleges in the Eastern part of the United States. Three other like camps located at other points accommodated the students from other sections.

The day the men arrived they were put to work, and they soon realized the meaning of army life. Clothing and equipment were quickly issued, details were called for; and within the day the quiet barracks took on the aspect of a National Cantonment. Schedules of training had been made out for each day, and the routine work began. Special classes were made up in bayonet, machine gun, grenades and personnel work, and new men were detailed for these classes every week.

The camp is located in one of the most beautiful spots in America. It borders on the shores of Lake Champlain, and is in sight of the famous Adirondacks and Green Mountains. The lake is ideal for swimming and boating, and is dotted with islands which offer many chances for week-end excursions. But they are not to be outdone by Lake Placid and Canada.

A night long to be remembered was that which Dr. Haas spent in camp. The Muhlenberg men gathered around the Doctor to hear the new plans, decided upon by the War Department, which had been announced to the College Presidents that day, and (over the Blueberry pie and ice cream) discuss what the future might bring forth.

The big surprise of the summer was the announcement the last week that commissions were to be awarded for faithful work. Here Muhlenberg made an enviable record, for every man of age and the proper physical qualifications won a commission.

Brown, Oberly, and Hill were commissioned in Field Artillery and sent to Camp Taylor, Ky., for further training. Wetherhold, Romig, Green, Bollman, Gloss, Dubbs, Arner, Nase, and Roth were commissioned in Infantry, and sent, some to Camp Grant, Ill., and some to S. A. T. C. Units. And so all said "Farewell," carrying away many happy memories of the summer, in spite of the severe training they had endured.

The following are the men who attended the camp:

The Students' Army Training Corps

IN line with the policy of the government to have 5,000,000 men under arms by the spring of 1919, attention was given to the many educational institutions throughout the country where the facilities in housing, training and teaching the student soldiers were adequate for military purposes. In the middle of the summer of 1918, the Presidents of the different Colleges and Universities were directed by the War Department to send men to the Plattsburg Officers' Training Camp to take the two months intensive training work in order to prepare them to be officers in the increased army which the government had in view. Nineteen men were sent from Muhlenberg, twelve receiving commissions as Second Lieutenants. Those who received commissions were assigned to educational institutions other than their own or into the National Army immediately. Those, not receiving commissions, were left free to return to the college from which they had come to aid in training the men who were inducted into the Students' Army Training Corps proper.

The work of the S. A. T. C. was very intensive. The War Department had divided the men into three different age groups. The men of twenty years of age, the first group, were scheduled to remain at college three months; the nineteen year old men, the second group, six months; the eighteen year old men, the third group, nine months. At the expiration of time for the different groups, those who were suitable and who showed marked ability were to be allowed to enter Officers' Training Camps. The remaining were to be sent either to Non-commissioned Officers' Schools or into the Army as privates. Exeeption was to be made, however, in the case of men who showed marked technical and mechanical ability. These men were to be transferred to some institution where their ability could be furthered and put to the best use along those partieular lines. The schedule of the Students' Army Training Corps consisted of fifty-three per week, forty-two for academie and eleven for military purposes.

About 160,000 men comprised all the many units of the S. A. T. C. in all the different institutions throughout the country. The Muhlenberg Unit numbered in the vieinity of 200 men. The Unit was under the direct eommand of First Lieutenant Guy W. Brubaker, a graduate of the University of Denver and of the Fort Sheridan Infantry Officers' Training Camp. Four Seeond Lieutenants, all

graduates of the Plattsburg Officers' Training Camp, were detailed to assist in the work of drilling and instructing the student-soldiers along military lines. They were: 2d. Lieut. Warren M. Dewing, of the Mass. School of Agriculture, the Adjutant of the Unit; 2d. Lieut. Stanley L. Eberlee, of Allegheny College, Personnel Officer; 2d. Lieut. Joseph H. Brennan, of State College, Sanitary Officer, and 2d. Lieut. John J. Clarkin, of Catholic University, the Unit Quartermaster.

The course of studies which were given in the S. A. T. C. consisted of the following subjects: War Aims, English, History, Chemistry, Biology, Meterology, Physics, Hygiene and Sanitation, Infantry Drill Regulations, Topography and Map-making and French. Class work in the Muhlenberg S. A. T. C. began at eight o'clock in the morning. The drill and physical exercise work took place every afternoon from two to four o'clock.

Soon after the signing of the armistice, word was received from the government to disband the S. A. T. C. in all the colleges and the Muhlenberg Unit was mustered out on the twelfth day of December, 1918. Just what amount of good the S. A. T. C. accomplished can not be determined accurately. Certain it was, that from a physical standpoint, each man in the Unit was benefited to a considerable degree. From a scholastic standpoint it was not much of a success, but the S. A. T. C. was created to meet the military needs of the government.

The R. O. T. C. at Muhlenberg

WITH the disbanding of the Students Army Training Corps, the need was felt both by the Faculty and the students of Muhlenberg that some similar organization should be instituted. The benefits of the S. A. T. C., as far as the physical condition of the men was concerned, were obvious. Among the foremost of the experiences of the war was the outstanding fact that as a nation we are not physically efficient. We have gone on our way happy in the thought that we could meet the nations of the world at the Olympic Games with a team of athletic specialists who have always managed to give a most excellent account of themselves.

The few trained specialists along athletic lines have been playing the game, while the serious students, the future men of affairs of the nation, have allowed their physical condition to lapse while in college and thereafter. One of the primary objects of the R. O. T. C. is to develop the latent possibilities of a man and to give him an appreciation of the higher values of life that will make him a far more valuable member of society.

Besides the excellent physical training which the three hours per week of the R. O. T. C. work affords, attention is also given to the men in the performance of military duties. Uniforms have been issued to the men and the Government has promised rifles for Muhlenberg. Extended and close order work, training with the rifle, blackboard and sandtable illustrations of battle formations are all included in the R. O. T. C. curriculum. If a man takes up the work of the Reserve Officers' Training Corps during his four years at college and should decide to enter the Army, he will, with the recommendation of the Professor of Military Science and Tactics, be admitted into the Army as a Second Lieutenant. Upon serving a six months' period in the Army, he will be sent back into civil life as a reserve officer.

The Muhlenberg R. O. T. C. numbers about 150 men. Of all the colleges which have instituted the Reserve Officers' Training Corps, Muhlenberg can feel proud of the fact that it has one of the largest percentages of any student taking the work.

2. Stranger still, everybody is up at six o'clock. We police the campus before breakfast. Camp is put under strict quarantine. Lieut. Ellis teaches us how to salute—"Who'n the h--l are you?"
3. Corporal "Mike" Wilson under strong influences marches his squad against the dormitories and forgets how to halt it.

18. The Lieutenants come out for practice. We sign our first pay-roll. Sauber and Starner get a week's K. P. for messing up the pay-roll.
19. Varsity beats the scrubs, re-enforced by the Lieutenants. "Doughnuts" enjoys "smearing" the C. O.'s face.
20. Services in the chapel. Communion administered. Dr. Haas donates ice-cream for dinner for which we serenade him. Band concert in the afternoon. Rain prevents a hike.
21. Deck "busts" the quarantine to fetch saw-dust at Col. Trexler's lumber yard. He amuses Mrs. Brubaker in the afternoon by filling the tackling dummy.

3. Everybody appears in khaki and feels happy that he is a soldier. "Freddie" Jones comes back to pay us a visit.

4. Lieutenants put us into our several platoons, grouping us according to age. "Horse" Hoffman gets five demerits for having his windows closed.

5. Next day, order reversed, and "Horse" gets five more for having them open. There is a continual excitement and a great deal of talk about peace and the possibility of getting out of the army by Christmas.

6. A heavy day. We get beans, tomato-sauce and water two meals in succession.

7. The false armistice report. Dr. Haas "sets it up" for Manuels. Deck gets his first kiss down-town.

8. Books and drill are attacked with new zeal when armistice report proves to be false, no one overstudies though.

9. No inspection. Football men are allowed to sleep until ten o'clock. Lehigh proves that her football team is somewhat superior to ours. The quarantine is lifted and we visit old friends once more.

10. Spirits dampened by the defeat are warmed. Strangely, the unfortunate few at the barracks get beans for supper. Simmons is asked down-town, "Do you belong to the Home Guard?"

11. Armistice Day. Confetti, powder and a free afternoon afford opportunity to celebrate. Back at the barracks at 5 P. M. Five men are sent to an O. T. C.

12. Great enthusiasm over books and drill. Lieutenants Brubaker and Dewing argue about Guard Mount and Sergeant Fogel agrees with both.

14. Mr. Lawrence from Camp Crane leads us in a few songs and then we are entertained by five young ladies from town.

15. "Honor System" established: "Violation, sir." "All right, sir." First group of men is taken to the Allentown Hospital.

17. Lieut. Rex's new barracks serve as a good fence between the double mess line.

18. Muthard and Jentsch are overjoyed at the success with which their efforts have been rewarded in the War Work Fund Campaign.

26. Reifsnyder tells the fourth platoon to take the position of a soldier, "Throw your stomach in and your chest out."

27. Dr. Wackernagel is given his annual turkey amidst the confusion of tongues. Another afternoon parade and then we go home. We are told that we will be out of the service on December 4.

28. Everybody home but the football squad and "Butch" Moyer goes home too. We defeat Ursinus and "smear 'em," too, for there was mud.
29. Dr. Litzenberger gives us an army lecture. The company makes a waste-basket of the chapel during the lecture.
30. We have a dollar left from our pay after paying "War Work Fund" campaign collectors and insurance and Liberty Bonds. We do service, hiking about the back campus, as a punishment.

DECEMBER

1. Only the Lieutenants are here and they're not here. We get superfluous vacations.
2. The eighth wonder of the world! "Peaches" Newhard and Hoffberger refrain from their daily diversion and consequently everybody in the study-hall is able to study. The football men return after their extended vacation, and they expect to be discharged on good behavior.
3. The first farewell dance is held. Bittner dances, too.
4. Today we were supposed to be discharged and were not. Sergeant Smeltzer is "out of sorts" from the happenings of the night before.
